Environment and Science

11th March 2019

Dear Neighbour,

The Queensland Parks and Wildlife Service (QPWS) wishes to advise that road works will be occurring between the months of March to June 2019. Works will entail approximately four (4) weeks of activity within the March – June window.

Works scheduled aim at reducing the bushfire risk within the urban interface areas, namely: Tipplers, Couran and Currigee, by removing and mulching dense encroaching and highly volatile vegetation. There will not be any road closures, however, some delays may be experienced on Tipplers / Currigee Road.

Should you require any further information, please contact Cheryn Kelly on Cheryn.kelly@des.qld.gov.au or (07) 3101 2058.

Yours sincerely
